

Faults classified by area

Here, the faults are organized by geological or geographical units. The texts include summarizing information on minor faults or fault systems. Major faults from the sidebar are repeated here for sake of completeness.

- [Eastern Sudetes](#) (e.g.,...)
- [Bohemian Cretaceous Basin](#) (e.g.,...)
- [South Silesian horsts and grabens](#) (e.g.,...)
- [South-Eastern Bohemian Massif](#) (Bíteš F., Třebíč f. etc.)
- [Southern Bohemian Massif](#) (e.g.,...)
